Level 26 is the 27th level of the Backrooms.

Description

Level 26 is a huge rainforest with strange properties. The rainforest has purple leaves and grass, some bodies of water can pull you down into the depths, and the gravity is inverted in some areas of the rainforest. The leaves, just like in reality, produce a gas and release it into the air, but instead of oxygen, it's an unknown gas, while breathable, it makes both auditory and visual hallucinations.

These hallucinations are unintelligible whispering sounds, visions of dark shadow humanoids, or sounds and visions of your old memories from in reality. These hallucinations will make you go insane, and become more and more common the more you breathe it in.

Level 26 is locked in daytime, and has a chance to rain for a random amount of time, despite there being no clouds in the sky. The rain is safe to drink, although large amounts of it in a certain time span can cause fainting, so you shouldn't drink anymore than a liter within 3 hours.

The cabin has light bulbs hanging from the ceiling by a wire, and has tables, chairs, and couches throughout it. The tables and chairs are made out of wood, and the couches are made out of leather. The only ways to exit is to find a claustrophobic hole and going through it to enter [Level 27](#), or just go back to the entrance of the cabin to enter the rainforest again.
